Subject: IMPORTANT - Call from DEA on Suspicious Trans Rpt
Importance: High

Don – I received a voice mail from DEA today. They received paper suspicious transaction reports (DU45) from St. Louis and Birmingham and are questioning why we are still sending paper reports. It appears that they believe these are the agreed upon new reports. The last direction we received was to not discontinue the DU45 report yet so the report is still being produced. As you may recall, we had a similar incident with Conroe last year. Keith is working with BTS to change the name of DU45 to eliminate the Suspicious Transaction verbiage. The verbiage changes will be effective 2/1. I am not sure how these reports got to Washington. Perhaps the DRAs can follow up to determine how the reports were sent and to review our SOPs.

I am on PTO the rest of the week and currently in the Denver airport but will check e-mail when I land this evening. I will need to call DEA back either today or tomorrow.

Please provide guidance.

thanks - - jenny
